Transfer from Media Super	1(a)	19,901	-
Benefits paid to members or beneficiaries		(2,784,200)	(3,528,975)
Payment of lease liabilities		(7,263)	(9,220)
Tax paid on contributions		(612,217)	(526,236)
Net cash inflow from financing activities		2,785,473	1,087,708
Net increase/(decrease) in cash and cash equivalents		5,729	8,733
Cash and cash equivalents at the beginning of the financial year		39,976	31,243
Cash and cash equivalents at the end of the financial year	3(a)	45,705	39,976

The above Statement of Cash Flows should be read in conjunction with the accompanying notes.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

1. General information

The Construction and Building Unions Superannuation Fund (the Fund) is a superannuation fund domiciled in Australia. The address of the Fund's registered office is Level 22, 130 Lonsdale Street, Melbourne, VIC 3000.

The Fund was constituted by a Trust Deed dated 29 May 1984 (as amended) to provide superannuation benefits to its members.

The Trustee of the Fund is United Super Pty Ltd (the Trustee).

(a) Successor Fund Transfer - Media Super

On 11 April 2022, the Fund undertook a Successor Fund Transfer with Media Super (Registration No. R1000399). Media Super was a registrable superannuation entity domiciled in Australia.

The change to net members' benefits of \$6,761,214,000 is described as Transfer from Media Super in the Statement of Changes in Members' Benefits. The assets, liabilities and members' benefits transferred were:

Closing Balance Sheet of Media Super	11 April 2022 \$'000
Assets	
Cash and cash equivalents	19,901
Financial assets	6,808,283
Trade and other receivables	64,662
Deferred tax assets	536
Total assets	6,893,382
Liabilities	
Trade and other payables	(5,399)
Current income tax liabilities	(10,141)
Financial liabilities	(120)
Deferred tax liabilities	(79,749)
Total liabilities excluding members' benefits	(95,409)
Net assets	6,797,973
Members' benefits	
Allocated to members	(6,759,138)
Unallocated to members	(2,076)
Total members' benefits	(6,761,214)
Net assets	36,759
Equity	
General reserve	19,725
Operational risk reserve	17,034
Total equity	36,759

(b) Successor Fund Transfer - EISS Super

On 17 December 2021, the boards of EISS Super and the Fund signed a Memorandum of Understanding to commence a due diligence process concerning the merger of the funds. Whilst no successor fund transfer (SFT) deed has yet been signed between the two trustees, it is possible a SFT may be signed within the period of 6-12 months from balance date, giving effect to a merger of the funds for which United Super Pty Ltd would act as Trustee for the combined entity.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

2. Summary of significant accounting policies

Unless covered in the notes to the financial statements the principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the reporting periods presented, unless otherwise stated.

(a) Basis of preparation

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board, the *Superannuation Industry (Supervision) (SIS) Act 1993* and its accompanying Regulations and the provisions of the Trust Deed.

(i) Financial statements presentation

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and not distinguished between current and non-current.

(ii) Assessment as an investment entity

The Trustee has assessed that the Fund meets the definition of an investment entity within AASB 10 *Consolidated Financial Statements* as it meets the following criteria:

- the Fund obtains money from members for the purpose of providing them with investment management services;
- the Fund's business purpose, which it communicated directly to members, is investing solely for returns from capital appreciation, investment income or both; and
- the performance of investments made by the Fund are measured and evaluated on a fair value basis.

The Fund also meets all the other typical characteristics of an investment entity.

The Fund does not consolidate the controlled entities (refer to Note 20) but instead measures investments in unconsolidated subsidiaries at fair value through profit or loss in accordance with AASB 9 Financial Instruments.

The entities controlled by the Fund have been set up for the purpose of holding investments that generate capital appreciation and investment income; the investment strategies of the underlying controlled entities may include leverage. The Fund purchases shares and units from the controlled entities which enables the controlled entities to invest in a range of property, infrastructure and private equity assets, either directly or through underlying entities. These underlying controlled entities hold investments in property and infrastructure within Australia.

The Fund's maximum exposure to loss from its interests in controlled entities is equal to the fair value of its investments in these entities plus any capital commitments (refer to Note 20) made by a controlled entity to an underlying entity.

Once the Fund has disposed of its interest in a controlled entity it ceases to be exposed to any risk from the controlled entity.

(iii) Fair value measurement

These financial statements have been prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

The financial statements for the year ended 30 June 2022 were authorised for issue in accordance with a resolution of the Board of Directors of the Trustee on 20 September 2022. The Directors of the Trustee have the power to amend and reissue the financial statements.

(b) Critical accounting estimates, judgements and assumptions

In applying the Fund's accounting policies management continually evaluates estimates, judgements and assumptions based on historical experience and other factors, including expectations of future events that may have an impact on the entity. All estimates, judgements and assumptions made are believed to be reasonable based on the most current set of circumstances available to management. Actual results may differ from the estimates, judgements and assumptions.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

2. Summary of significant accounting policies (continued)

(b) Critical accounting estimates, judgements and assumptions (continued)

COVID-19 significant valuation uncertainty

The Fund has measured the fair value of its property investments, including controlled entities managed by Cbus Property Pty Ltd, at their net asset value (NAV) at the end of the reporting period.

Significant valuation uncertainty clauses continue to be incorporated into external valuation reports adopted for several of the Fund's investments in property, including investments managed by Cbus Property Pty Ltd. This is consistent with global industry practice. This uncertainty does not mean the valuations adopted cannot be relied upon; however, the clauses indicate the higher degree of valuer judgment in determining significant valuation assumptions in the COVID-19 environment.

As a result, the Fund has exercised a significantly higher degree of judgment in measuring the fair value of its property investments as at 30 June 2022.

(c) New accounting standards and interpretations adopted by the Fund

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2021 that are considered to have a material impact on the Fund.

(d) New standards, amendments and interpretations effective after 1 July 2022 and have not been early adopted

Certain new accounting standards and interpretations have been published that are not mandatory for the 30 June 2022 reporting period and have not been early adopted by the Fund. None of these are expected to have a material effect on the financial statements of the Fund.

(e) Cash and cash equivalents

Cash and cash equivalents in the Statement of Financial Position comprises cash at bank with the Administrator for operational activities of the Fund. Other cash held forms part of the Fund's investment portfolio and is treated as a financial asset, classified as fund managers' cash and cash equivalents. This includes short-term deposits, margin accounts and unsettled trades.

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents as defined above.

(f) Receivables and payables

Receivables are initially recognised at fair value and subsequently measured at fair value less any adjustment for credit impairment.

All receivables, unless otherwise stated, are non-interest bearing, unsecured and generally received within 14 days of recognition.

Collectability of receivables is reviewed regularly and considered as part of their fair value measurement.

Payables include liabilities and accrued expenses owing by the Fund which are unpaid as at the end of the reporting period.

All payables, unless otherwise stated, are non-interest bearing, unsecured and generally paid within 14 day terms.

(g) Financial assets and liabilities

(i) Classification

The Fund's financial investments are classified as fair value through profit or loss in accordance with AASB 1056 *Superannuation Entities*.

(ii) Recognition/derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises the changes in the fair value of the financial assets or liabilities from this date.

Investments are derecognised when the right to receive cash flows from the investments have expired or the Fund has transferred substantially all the risks and rewards of ownership.

(iii) Measurement

At initial recognition, the Fund measures financial assets and financial liabilities at fair value through profit or loss. All transaction costs for such instruments are recognised directly in the Income Statement.

Subsequent to initial recognition, all financial assets and financial liabilities are measured at fair value through profit or loss. Gains and losses are presented in the Income Statement in the period in which they arise as net changes in the fair value of financial instruments.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

2. Summary of significant accounting policies (continued)

(h) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Fund. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within a fair value hierarchy (refer to Note 19).

(i) Property, plant and equipment

Motor vehicles, office and computer equipment, furniture and fittings and leasehold improvements are initially measured at cost and subsequently revalued at fair value less accumulated depreciation and any impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the asset. If significant parts of the asset have different useful lives they are accounted as separate assets. Any gain/loss arising from impairment and any gain/loss on disposal of an item is recognised in the Income Statement in the period in which it occurs.

The cost of leasehold improvements is capitalised as an asset and depreciated over the assets' lease term.

Depreciation is calculated using the diminishing value method to allocate an asset's cost over its estimated useful life. The assets residual values and useful lives are reviewed at the end of each reporting period and adjusted if required. The estimated useful lives are as follows:

Leasehold improvements	Lease term
Furniture and fittings	5-10 years
Office equipment	10 years
Computer equipment	3-4 years
Motor vehicles	8 years

(j) Leases

Leases are recognised, measured and presented in line with AASB 16 *Leases*.

Valuation of right-of-use assets and lease liabilities

The application of AASB 16 requires the Fund to make judgements that affect the valuation of right-of-use assets (refer to Note 6) and the valuation of lease liabilities (refer to Note 10). These include determining contracts within the scope of AASB 16, determining the contract terms and determining the interest rate used for discounting of future cash flows.

The lease terms determined by the Fund comprise non-cancellable period of lease contracts, periods covered by an option to extend the lease if the Fund is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the Fund is reasonably certain not to exercise that option. The lease terms are applied to determine the depreciation rate of right-of-use assets.

For leases with terms not exceeding twelve months and for leases of low-value assets, the Fund has exercised the optional exemptions. The lease payments under these contracts are recognised on a straight-line basis over the lease term as other operating expenses.

In all other leases in which the Fund acts as the lessee, the present value of future lease payments is recognised as a lease liability.

Correspondingly, the right-of-use asset is recognised within property, plant and equipment at the present value of the lease liability.

The present value of the lease liability is determined using the discount rate representing the weighted average incremental borrowing rate. The weighted average incremental borrowing rate for the leased liabilities initially recognised as of 1 July 2019 was 2.90% p.a. There have been no changes to the lease term, thus no reassessment of discount rate is required.

The right-of-use asset is depreciated on a straight-line basis over the lease term or, if shorter the useful life of the leased asset.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

2. Summary of significant accounting policies (continued)

(k) Intangible assets

Internally generated intangible assets

Costs incurred in developing products or systems and costs incurred in acquiring software and licences that will contribute to future period economic benefits are capitalised as internally generated intangible assets. Amortisation and annual impairment testing of completed internally generated intangible assets are used as a proxy for fair value assessment at the reporting date calculated over the asset's useful life ranging from 2 to 5 years.

Costs associated with internally generated intangible assets are recorded as assets under construction until completion and subject to annual impairment testing.

Software as a Service (SaaS) related costs

Costs associated with maintaining or customising SaaS cloud products/software programmes are recognised as an operating expense as incurred.

(l) Impairment of assets

The Fund assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, Management makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses are recognised in administration and other operating expenses.

(m) Reserves

The Fund maintains four reserves, for the purposes described below:

- A General Reserve to manage the receipt of investment income and the payment of investment related expenses and tax. This reserve is also used for the allocation of investment earnings to members via the process of declaring daily crediting rates. The long-term aim is to hold a General Reserve within a range of 0.00%-0.25% (2021: 0.05%-0.25%) of the Fund's net assets available for members' benefits;
- An Administration Reserve to manage the receipt of administration fees and the payment of Fund administration and operating expenses. The reserve is also used to cover unexpected and unbudgeted expenses of the Fund and to meet any other expenses which the Trustee deems ought to be met from the Administration Reserve, rather than directly from members' accounts. The long-term aim is to hold an Administration Reserve within a range of 0.01%-0.25% (2021: 0.01%-0.25%) of the Fund's net assets available for members' benefits;
- An Insurance Reserve is maintained to ensure insurance related expenditure and income are incurred and shared by insurance members and there is no impact on non-insured members for insurance activities. The Insurance Reserve accounts for:
 - The Partnership Sharing Model (PSM) in place with the Fund's insurance provider, TAL Life Limited. The PSM provides a mechanism to manage the long-term fluctuations in claims experience; and
 - Insurance related revenue and expenditure of the fund; and
- An Operational Risk Reserve (ORR) to provide protection to the Fund if a loss is incurred from an operational risk event. The use of the ORR is governed by requirements established by the Australian Prudential Regulatory Authority, under Prudential Standard *SPS 114 Operational Risk Financial Requirement*.

The Trustee intends to maintain the reserve at 0.25% (2021: 0.25%) of the Fund's net assets available for members' benefits in line with its updated internal policy.

(n) Revenue and expense recognition

Interest revenue

Interest revenue from financial instruments that are held at fair value is determined based on the contractual coupon interest rate and includes interest from cash and cash equivalents.

Distribution and dividend revenue

Distribution and dividend revenue are recognised gross of withholding tax when the Fund's right to receive the distribution or dividend payment is established.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

2. Summary of significant accounting policies (continued)

(n) Revenue and expense recognition (continued)

Net changes in fair value of financial instruments

Changes in the fair value of financial instruments are calculated as the difference between the fair value upon sale, restructure, settlement or termination, or at the end of the reporting period, and the fair value at the end of the previous reporting period or at the date the financial instruments are acquired.

All changes in the fair value of financial instruments are recognised in the Income Statement.

Expenses are recognised in the Income Statement when the Fund has a present obligation (legal or constructive) as a result of a past event, that can be reliably measured, and where the expenses do not produce future economic benefits that qualify for recognition in the Statement of Financial Position.

(o) Income tax

The Fund is a complying superannuation fund for the purposes of the provisions of the *Income Tax Assessment Acts 1936 and 1997*. Accordingly, the concessional tax rate of 15% has been applied to the Fund's taxable income.

The income tax expense or benefit for the period is the tax payable on the current period's taxable income based on the national income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is not accounted for if it arises from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss or in respect of taxable temporary differences associated with investments in subsidiaries, associates or interests in joint ventures, except where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities and assets are not recognised for temporary differences between the carrying amount and tax bases of investments where the Fund is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

The carrying amount of deferred tax assets is reviewed periodically and at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

(p) Goods and services tax (GST)

Income, expenses and assets are recognised net of the amount of GST except:

- where the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

**Notes to the Financial Statements
For the year ended 30 June 2022**

2. Summary of significant accounting policies (continued)

(p) Goods and services tax (GST) (continued)

The Fund qualifies for Reduced Input Tax Credits (RITC) at a rate of 55% or 75%; hence investment management fees, custodial fees and other expenses have been recognised in profit or loss net of the amount of GST recoverable from the Australian Taxation Office (ATO).

(q) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund and its subsidiaries operates ("the functional currency"). The financial statements are presented in Australian Dollars, which is the Fund's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of the initial transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when fair value was determined.

(r) Rounding of amounts

Amounts in the financial statements have been rounded off to the nearest thousand dollars, unless otherwise indicated.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

3. Cash and cash equivalents

(a) Components of cash and cash equivalents

	Jun-22 \$'000	Jun-21 \$'000
Cash at bank	45,705	39,976
Total cash and cash equivalents	45,705	39,976

(b) Reconciliation of operating result after income tax to net cash outflow from operating activities

Operating result after income tax	(46,495)	(80,741)
Change in operating assets and liabilities:		
(Increase)/decrease in assets measured at fair value	3,647,205	(10,675,710)
Increase/(decrease) in payables	19,516	26,814
Increase/(decrease) in insurance premiums payable	(64,295)	(57,138)
Increase/(decrease) in income tax payable	(1,090,395)	862,019
Adjustments for non-cash and non-operating items:		
Depreciation and amortisation	20,354	29,442
Allocation to members' accounts	(3,094,782)	9,572,742
Net cash outflow from operating activities	(608,892)	(322,572)

4. Trade and other receivables

	Jun-22 \$'000	Jun-21 \$'000
GST receivable	1,705	948
Other receivables	5,576	8,593
Total trade and other receivables	7,281	9,541

Due to the short-term nature of these receivables, their carrying value is assumed to approximate their fair value.

The maximum exposure to credit risk is the fair value of receivables. Information regarding credit risk exposure is set out in Note 18(b).

For the year ended 30 June 2022

6. Property, plant and equipment

(i) Property, plant and equipment owned

Information about property, plant and equipment owned by the Fund is presented below:

	Jun-22 \$'000	Jun-21 \$'000
Property, plant and equipment		
Opening net book value	12,797	7,739
Additions	909	5,199
Reclassified from intangible assets	-	3,651
Disposals	(272)	(395)
Depreciation charge	(2,618)	(3,397)
Closing net book value	10,816	12,797
Cost	18,784	19,441
Accumulated depreciation	(7,968)	(6,644)
Net book value	10,816	12,797

(ii) Right-of-use lease assets

Set out below are the carrying amounts of right-of-use assets recognised and their movements during the year.

	Jun-22 \$'000	Jun-21 \$'000
Right-of-use assets		
Balance as at 1 July	53,126	64,437
Depreciation expense	(6,780)	(11,311)
Balance as at 30 June	46,346	53,126

7. Intangible assets

	Jun-22 \$'000	Jun-21 \$'000
Internally generated intangible assets		
Opening net book value	42,569	74,327
Additions and assets under construction	4,417	12,922
Reclassified as Property, plant and equipment	-	(3,651)
Impairment	(3,624)	(26,295)
Amortisation	(10,956)	(14,734)
Total intangible assets	32,406	42,569

8. Trade and other payables

	Jun-22 \$'000	Jun-21 \$'000
Insurance premiums payable	(32,478)	(28,533)
Investment manager fees payable	(23,671)	(22,794)
Investment manager performance fees payable	(33,787)	(7,289)
Administration expenses payable	(21,480)	(16,518)
Asset consulting fees payable	(268)	(240)
Custodian fees payable	(3,762)	(6,261)
Provision for employee benefits	(18,059)	(14,859)
Total trade and other payables	(133,505)	(96,494)

Due to the short-term nature of these payables, their carrying value is assumed to approximate their fair value. Information regarding interest rate, foreign exchange and liquidity risk exposures are set out in Note 18.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements

For the year ended 30 June 2022

9. Income tax

	Jun-22 \$'000	Jun-21 \$'000		
(a) Income tax expense/(benefit) recognised in the Income Statement				
<i>Current income tax expense/(benefit)</i>				
Current tax on profits for the year	(145,576)	353,370		
Adjustments for current tax of prior periods	15,610	(8,338)		
<i>Deferred income tax expense/(benefit)</i>				
Relating to origination and reversal of temporary differences	(694,636)	527,831		
Total income tax expense/(benefit) recognised in the Income Statement	(824,602)	872,863		
(b) Numerical reconciliation of income tax expense/(benefit) to prima facie tax payable				
Result from superannuation activities before income tax expense/(benefit)	(3,965,879)	10,364,864		
Prima facie tax at the applicable Australian tax rate of 15% (2021: 15%)	(594,882)	1,554,730		
<i>Tax effects of amounts which are not (assessable)/deductible in calculating taxable income:</i>				
Capital (gains)/losses not (assessable)/deductible	115,067	(408,554)		
Exempt pension income	16,049	(73,171)		
Net imputation and foreign tax credits	(322,616)	(143,712)		
Insurance premium deduction	(53,830)	(48,092)		
Adjustments for current tax of prior periods	15,610	(8,338)		
Total income tax expense/(benefit)	(824,602)	872,863		
(c) Income tax on contributions recognised in the Statement of Changes in Members' Benefits				
Contributions and Transfers-in	12,930,466	5,152,139		
Tax at the complying superannuation fund rate of 15% (2021: 15%)	1,939,570	772,821		
Non-assessable contributions	(98,040)	(72,478)		
Non-assessable transfers-in	(1,221,075)	(164,371)		
No TFN Tax	706	638		
Total income tax on contributions recognised in the Statement of Changes in Members' Benefits	621,161	536,610		
(d) Deferred tax liabilities				
	Opening Balance \$'000	Transferred from Media Super \$'000	(Charged)/ Credited to Income Statement \$'000	Closing Balance \$'000
30 June 2022				
Deferred tax liabilities				
Unrealised (gains)/losses on investments	(1,676,538)	(79,213)	694,635	(1,061,116)
			(Charged)/ Credited to Income Statement \$'000	Closing Balance \$'000
30 June 2021				
Deferred tax liabilities				
Unrealised (gains)/losses on investments		(1,148,707)	(527,831)	(1,676,538)
Total deferred tax liabilities		(1,148,707)	(527,831)	(1,676,538)

The Fund offsets tax assets and liabilities if, and only if, it has a legally enforceable right to set off current tax assets and current tax liabilities and deferred tax assets and deferred tax liabilities.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements

For the year ended 30 June 2022

9. Income tax (continued)

(e) Current income tax assets and liabilities

The Fund's current income tax asset of \$106,848,047 (2021: \$359,180,942 current income tax liability) represents the amount of income tax payable or receivable in respect of current and prior periods.

10. Lease liabilities

	Jun-22 \$'000	Jun-21 \$'000
Lease liabilities	(66,559)	(72,569)
Total lease liabilities	(66,559)	(72,569)

The Fund leases commercial office spaces (within Australia), vehicles and other office equipment. The office leases have varying terms, escalation clauses and renewal rights. On renewal, the terms of the lease are renegotiated.

Set out below are the carrying amounts of lease liabilities recognised and the movements during the year.

	Jun-22 \$'000	Jun-21 \$'000
Balance as at 1 July	72,569	83,185
Accretion of interest	1,605	1,801
Payments	(7,615)	(12,417)
Balance as at 30 June	66,559	72,569
Current	6,073	5,660
Non-Current	60,486	66,909
Balance as at 30 June	66,559	72,569

The maturity analysis of the contractual undiscounted cash flows of future property lease payments are as follows:

	Jun-22 \$'000	Jun-21 \$'000
Less than one year	51	-
One to five years	5,897	1,979
More than five years	68,424	80,008
Total undiscounted lease liabilities	74,372	81,987

The following are the amounts recognised in the Income Statement:

Depreciation charge of right-of-use assets	6,780	11,311
Interest expense on lease liabilities	1,605	1,801
Rental expense relating to leases of short-term and low-value assets	(153)	(77)
Total amount recognised in profit or loss	8,232	13,035

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

11. Funding arrangements

During the year ended 30 June 2022, employers contributed to the Fund on behalf of members as part of the Trust Deed, relevant industry award agreements and mandated Superannuation Guarantee Charge of 10.0% (2021: 9.50%). Member and additional employer contributions are paid to the Fund at a rate determined by the member and/or employer.

12. Members' benefits

Obligations relating to members' benefits are recognised as liabilities. They are not conditional upon continued membership of the Fund (or any factor other than resignation from the Fund) and include benefits which members were entitled to receive had they terminated their membership at reporting date, subject to preservation requirements.

Defined contribution members' benefits are measured as the amount of members' account balances as at the end of the reporting period.

Members' account balances are valued by crediting rates determined by the Trustee based on the underlying investment options selected by members.

Members bear the investment risk relating to the underlying investment options, with crediting rates updated daily.

At 30 June 2022 \$6,948,000 (2021: \$4,619,000) has not been allocated to members. The amount not yet allocated to members' accounts consists of contributions received by the Fund that have not been able to be allocated to members' accounts as at the end of the reporting period and insurance claims payable which have not yet been paid from members' accounts.

Refer to Note 18 for the Fund's management of the investment risks.

	Jun-22 \$'000	Jun-21 \$'000
Members' benefits		
Allocated to members	(69,560,223)	(63,196,524)
Unallocated to members	(6,948)	(4,619)
Total members' benefits	<u>(69,567,171)</u>	<u>(63,201,143)</u>

13. Net changes in fair value of financial instruments

	Jun-22 \$'000	Jun-21 \$'000
Fund Managers' cash and cash equivalents	103,700	16,961
Alternative debt	2,605	(11,863)
Derivatives	(925,841)	1,064,414
Fixed interest securities	(795,476)	(408,928)
Australian equities	(1,871,185)	3,447,265
International equities	(3,602,497)	3,607,583
Alternative assets	961,459	1,117,957
Investment property trusts	615,578	667,740
Net changes in fair value of financial instruments	<u>(5,511,657)</u>	<u>9,501,129</u>

14. Investment expenses

	Jun-22 \$'000	Jun-21 \$'000
Investment manager fees	(146,079)	(107,805)
Performance fees	(39,393)	(7,289)
Custodian fees	(6,806)	(6,251)
Asset consulting fees	(3,115)	(2,976)
Other investment expenses	(72,617)	(58,996)
Total investment expenses	<u>(268,010)</u>	<u>(183,317)</u>

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements

For the year ended 30 June 2022

15. Administration and other operating expenses

	Jun-22	Jun-21
	\$'000	\$'000
Administration expenses	(55,833)	(49,916)
Audit fees	(1,020)	(1,009)
Actuarial fees	(91)	(50)
Marketing and advertising	(22,128)	(20,404)
Trustee fees and reimbursements	(2,750)	(1,699)
Depreciation and amortisation of owned assets	(13,574)	(18,131)
Depreciation of Right-of-use assets	(6,780)	(11,311)
Finance costs relating to Right-of-use assets	(1,605)	(1,801)
Other operating expenses	(139,026)	(133,461)
Total administration and other operating expenses	<u>(242,807)</u>	<u>(237,782)</u>

16. Auditor's remuneration

During the year the following fees were paid or payable for services provided by the auditors of the Fund and its controlled entities:

	Jun-22	Jun-21
	\$	\$
<i>Amounts paid or payable to Ernst & Young for:</i>		
Audit and review of financial statements	557,950	414,211
Other assurance services	277,603	148,625
Other non-assurance services	103,142	89,721
Total auditor's remuneration	<u>938,695</u>	<u>652,557</u>

17. Segment information

The Fund operates solely in one reportable business segment, being the provision of superannuation benefits to members.

The Fund also operates from one reportable geographic segment, being Australia, where its activities are managed.

Revenue is predominantly derived from investments, such as interest, distributions and dividends and net changes in the fair value of financial instruments.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

18. Financial risk management

Most of the Fund's investments are held on behalf of the Trustee by JPMorgan Chase Bank, National Association (JPM) who act as the master custodian. To the extent assets are held out of custody, the Trustee ensures appropriate controls are in place to ensure the correct recording of the assets, liabilities, revenues and expenses.

Each investment manager is required to invest the assets managed by it in accordance with the terms of a written mandate or Trust Deed. The Trustee has determined that appointment of these managers is appropriate for the Fund and is in accordance with the Fund's investment strategy and outsourcing policy.

The Trustee determines the strategic asset allocations of each of the Fund's investment options. The Trustee receives advice from its investment advisor in making its determination. The asset allocation is reviewed throughout the year in accordance with the Fund's Risk Management Policy, Investment Policy and Procedures Manual.

The Fund's activities expose it to a variety of investment risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk. The Fund manages these investment risks as part of its overall Risk Management Framework and Investment Governance Framework.

Financial risk management is carried out by the Trustee through the Board and various Committees with advice from external advisors and internal management.

The Fund obtains regular reports from each investment manager on the nature of the investments made on its behalf and the associated risks. The Fund obtains formal Derivative Risk Statements from each manager where available.

The Fund uses different methods to measure different types of risk to which it is exposed. These methods include asset allocation modelling, historical stress testing and forward looking scenario testing. The Fund uses a range of qualitative measures of risk when assessing the individual managers' and the Fund's overall investment arrangements.

(a) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Changes in market prices are reflected in earnings credited to members. Market risk comprises three types of risk: Foreign exchange risk, interest rate risk and price risk.

(i) Foreign Exchange Risk

The Fund holds both monetary and non-monetary assets denominated in currencies other than the Australian dollar. The foreign exchange risk relating to non-monetary assets and liabilities is a component of price risk. Foreign exchange risk arises as the value of monetary securities denominated in other currencies will fluctuate due to changes in exchange rates. The risk is measured using quantitative and qualitative modelling and sensitivity analysis. The Fund has a currency policy within its Investment Governance Framework Policy. Compliance with the Fund's policy is monitored on a regular basis.

The Fund currently utilises a currency overlay manager to assist with implementation management.

The tables below summarise the Fund's assets and liabilities that are denominated in a currency other than the Australian dollar.

	US Dollar A\$'000	GB Pound A\$'000	Jap. Yen A\$'000	Euro A\$'000	Other A\$'000	Total \$'000
30 June 2022						
Net exposure	15,499,379	1,488,868	1,196,760	2,592,315	5,589,717	26,367,039
30 June 2021						
Net exposure	14,663,579	1,500,086	1,217,149	2,379,905	5,899,417	25,660,136

Unsettled sales and purchases, dividends and interest receivable are not included in the net exposure figures shown above. Foreign exchange contracts are the fair value of the exchange exposure (rather than the market value of the hedged instrument).

Sensitivity analysis

Based on an assessment of historical ranges of currency and one standard deviation expectation an assumption of +/-8.5% (2021: +/-8.5%) has been determined by the investment advisor as an appropriate assumption for this scenario analysis.

An 8.5% strengthening/weakening of the Australian dollar against the following currencies at 30 June 2022 would have (decreased)/increased the net assets available to pay members' liabilities and the net result from superannuation activities by the amounts shown below. The analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2021. The impact mainly arises from the reasonably possible change in foreign currency rates. The reasonably possible movements in the risk variables have been determined based on the Trustee's best estimate, having regard to a number of factors including the average absolute divergence between the unhedged and hedged MSCI World ex Australian Index annual returns over a 10 year period.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements

For the year ended 30 June 2022

18. Financial risk management (continued)

(a) Market Risk (continued)

(i) Foreign Exchange Risk (continued)

The amounts shown below are on the basis that all other variables remain constant.

		US Dollar A\$'000	GB Pound A\$'000	Jap. Yen A\$'000	Euro A\$'000	Other A\$'000
30 June 2022	8.50%	(1,214,237)	(116,639)	(93,755)	(203,085)	(437,904)
	-8.50%	1,439,833	138,310	111,174	240,816	519,263
30 June 2021	8.50%	(1,148,759)	(117,518)	(95,353)	(186,444)	(462,166)
	-8.50%	1,362,190	139,352	113,068	221,084	548,033

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Fund's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows.

The Fund's exposure to interest rate movements on those investments are as follows:

		Floating Interest rate \$'000	Fixed Interest rate \$'000	Non-Interest bearing \$'000	Total \$'000
30 June 2022					
Financial assets					
Fund Managers' cash and cash equivalents		1,590,974	804	5,094,355	6,686,133

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

18. Financial risk management (continued)

(ii) Interest Rate Risk (continued)

Sensitivity analysis

Based on an assessment of historical movements in cash and bond rates over rolling 1 year periods, an assumption of +0.95% or -0.60% variable volatility factor has been determined by the Fund's investment advisor as the appropriate assumption for this scenario analysis. A change of +0.95% (2021: +0.95%) in interest rates with all other variables remaining constant would have decreased the Fund's operating result and net assets available for members' benefits by \$98,187,841 (2021: \$76,011,257). A change of -0.60% (2021: -0.10%) in interest rates with all other variables remaining constant would have increased the operating result and net assets available for members' benefits by \$88,217,737 (2021: \$55,217,659). The analysis is performed on the same basis for 2021. The impact mainly arises from the reasonably possible change in interest rates on the fair value of fixed and floating interest securities.

(iii) Price Risk

Price risk is the risk that the total value of instruments will fluctuate as a result of changes in the market prices, whether caused by factors specific to an individual instrument, its issuer or all factors affecting all similar instruments traded in the market.

The Fund is exposed to equity securities and derivative securities price risk. This arises from investments held by the Fund for which prices in the future are uncertain. Where non-monetary financial instruments are denominated in currencies other than the Australian dollar, the price in the future will also fluctuate because of changes in foreign exchange rates. The securities are classified on the Statements of Financial Position at fair value. All securities investments present a risk of loss of capital. The maximum risk is determined by the fair value of the financial instruments.

Price risk is minimised through diversification and ensuring that all investment activities are undertaken in accordance with established mandate limits and investment strategies and through robust due diligence processes. Internal and external investment manager mandate compliance is monitored by internal management and the custodian, and performance reports against benchmark are reported on a regular basis to the Investment Committee.

Sensitivity analysis is based on analysis of historical data in respect of asset class returns and using this analysis to formulate expected future ranges of returns, the investment advisor has determined that the following assumptions are appropriate for this scenario analysis. The assumptions below are based on an expected range of outcomes with a +/- 1% standard deviation.

30 June 2022	Carrying amount \$'000	Volatility factor minimum %	Volatility factor maximum %	Decrease in net assets \$'000	Increase in net assets \$'000
Financial assets					
Fund Managers' cash and cash equivalents	6,686,133	2.5%	3.5%	167,153	234,015
Alternative debt	1,154,511	0.5%	7.5%	5,773	86,588

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements

For the year ended 30 June 2022

18. Financial risk management (continued)

(b) Credit Risk

Credit risk is the risk that one party to a financial investment will cause financial loss for the other party by failing to discharge an obligation. Credit risk primarily arises from investments in debt securities and from trading derivative products. Other credit risk arises from cash and cash equivalents, and amounts due from brokers.

The Fund invests in debt securities, provides direct loans and lends securities secured by collateral which carry credit risk. The Fund employs investment managers to manage the securities within approved credit limits within their mandate. Compliance of managers with their mandates is monitored by the Fund's custodian.

The Fund does not have any significant exposure to any individual counterparty or industry and assets are invested by individual investment managers and in specific investment trusts and investment linked insurance policies.

The Fund permits (within the limitations prescribed in the respective investment mandate) that internal and external investment managers may utilise derivatives such as forward foreign exchange contracts to gain access to, and allow flexibility in, the financial markets in order to manage and structure the Fund's investment portfolio in line with the Fund's investment strategy.

The Fund restricts its exposure to credit losses on the trading of derivative instruments it holds by entering into master netting arrangements as set out in Note 18(d).

The fair value of financial assets included in the Statements of Financial Position represent the Fund's exposure to credit risk in relation to those assets. An analysis of debt securities by rating is set out in the tables below.

Rating	Jun-22 \$'000	Jun-21 \$'000
AAA TO AA-	6,042,369	4,224,903
A+ to A-	122,339	112,158
BBB+ to BBB-	359,554	355,455
Below BBB-	771,368	627,085
No Rating	1,449,119	1,189,475
	<u>8,744,749</u>	<u>6,509,076</u>

(c) Liquidity Risk

Liquidity risk is the risk that the Fund will encounter difficulty in raising cash to meet commitments associated with members' liabilities or is unable to maintain the targeted risk and return allocation. Cash flow interest rate risk is the risk that future cash flows on a financial instrument will fluctuate because of changes in market interest rates.

To control liquidity and cash flow interest rate risk, the Fund invests the majority of its assets in financial instruments, which under normal market conditions are readily convertible to cash.

The Fund limits the allocation of cash and ensures that the allocation is consistent with the investment objectives and the Fund's expected demographic profile and net cash flows. The Fund's relatively young membership profile coupled with the bulk of its assets being invested in highly liquid asset classes allows the Fund to tolerate an exposure to assets with lower levels of inherent liquidity (e.g. property and infrastructure investments) in an expectation of higher risk adjusted investment returns in the longer term.

The tables below analyse the contractual maturities of the Fund's liabilities, based on the remaining period to the contractual maturity date at the year end.

	Carrying amount \$'000	Less than 1 month \$'000	1-3 months \$'000	3-12 months \$'000	>12 months \$'000
30 June 2022

30 June 2021	Carrying amount \$'000	Less than 1 month \$'000	1-3 months \$'000	3-12 months \$'000	>12 months \$'000
Financial liabilities					
Inflows	17,797,494	5,918,159	5,898,575	5,963,356	17,404
(Outflows)	(18,257,452)	(6,077,628)	(6,054,952)	(6,105,161)	(19,711)
	(459,958)	(159,469)	(156,377)	(141,805)	(2,307)

(d) Derivatives

Derivative financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle transactions on a net basis, or realise the asset and settle the liability simultaneously.

The fund managers enter into derivative transactions under International Swaps and Derivatives Association (ISDA) master netting arrangements. Under such arrangements derivative financial assets and liabilities could potentially be offset at the counterparty level under certain circumstances such as default. The amounts owed by each counterparty on a single day in respect of all transactions outstanding in the same currency would be aggregated into a single net amount payable by one party to the other and the relevant arrangements terminated. The ISDA agreements do not meet the criteria for offsetting in the Statement of Financial Position as the Fund does not have a legally enforceable right of set-off.

(e) Environmental, Social and Governance

The Fund has a duty to act in the best financial interest of our members. The Fund believe companies that actively manage environmental, social and governance (ESG) risks and opportunities are likely to generate better risk adjusted long term returns for our members.

Responsible investment is one component of the Fund's investment model, and the Fund's approach is guided by our Investment Governance Framework and Investment Policy and the Responsible Investment (RI) Policy. The RI Policy is reviewed every three years by the Investment Committee.

Climate change is a complex environmental and social issue that will increasingly impact the global economy over time and as such the Fund has developed a Climate Change Position Statement and Climate Change Roadmap to help guide the integration of climate change considerations within the broader investment framework. The Fund has set a net zero target by 2050 and aims to contribute to a 45% reduction in real world emissions by 2030. These targets currently cover over 70% of the Fund's investment portfolio and work will continue to expand the boundary of these targets to include additional asset classes.

The Fund applies responsible investment considerations including climate change across our investment options by:

- Integrating responsible investment into direct investment decisions and when selecting, appointing and monitoring external fund managers. Both internal and external fund managers are expected to integrate ESG risks and opportunities into their investment-decision making process;
- Including responsible investment outcomes in the annual reviews for the Fund's investment team;
- Undertaking annual exposure analysis and incorporating modern slavery considerations into due diligence and monitoring to meet the Fund's obligations under the Modern Slavery Act 2018;
- The Fund does not typically exclude particular companies, sectors or asset types. However, there are some circumstances where it is appropriate to consider exclusions of a sector or a specific stock from the Fund's portfolio, such as companies involved in the manufacturing of controversial weapons and tobacco products across all listed equity portfolios;
- Being a responsible steward. The Fund engages with companies we invest in and uses the Fund's voting rights at company meetings to improve disclosures and to encourage more responsible practices, where financially material to business outcomes;
- The Fund is an active participant in dedicated engagement forums for example the Australian Council of Super Investors (ACSI) Rights and Cultural Heritage Risk Management Working Group; Climate Action 100+ and Investors Against Slavery and Trafficking Asia Pacific (IAST APAC); and
- Advocating for change. As a large and growing superannuation fund, the Fund participates in collective initiatives to help solve for systemic risks, such as climate change, for example through participation in the Australian Sustainable Finance Institute (ASFI) and Investor Group on Climate Change (IGCC).

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

18. Financial risk management (continued)

(e) Environmental, Social and Governance (continued)

As a signatory to the Australian Asset Owners Stewardship Code (The Code), the Fund supports the principles and guidance outlined in the Code which are designed to raise the transparency and accountability of voting, engagement, advocacy and oversight of manager's stewardship practices. The Fund has produced a stewardship statement for public disclosure in compliance with the Code.

The Fund is also a signatory to the Principles for Responsible Investment (PRI), which establish a collective international framework for institutional investors to integrate ESG considerations into their investment decision-making.

Additionally, the Fund is involved in collaborative efforts to support the UN Sustainable Development Goals (SDGs). The Fund is an active subscriber to the SDI AOP (Sustainable Development Investments Asset Owner Platform), which aims to maintain a standardised taxonomy and increase the quality of data available to investors for the purpose of linking investment activities to SDGs, engaging on SDG alignment and monitoring external managers.

19. Fair value hierarchy

The Fund measures and recognises the following assets and liabilities at fair value on a recurring basis:

- Financial assets/liabilities at fair value through profit or loss (refer to Note 5)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

(a) Fair value hierarchy

(i) Classification of financial assets and financial liabilities

The Fund classifies fair value measurements of financial instruments using a hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities. These inputs are readily available in the market and are normally obtainable from multiple sources;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices). These inputs must be observable for substantially the full term of the financial instrument;
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs). This includes any instruments that are not categorised in Level 1 or Level 2.

The levels in the fair value hierarchy to which instruments are being classified, are determined on the basis of the lowest level input that is significant to the fair value measurement. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is determined to be a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement requires judgement, considering factors specific to the instrument being classified.

Recognised fair value measurements

The following tables present the Fund's financial assets and liabilities measured and recognised at fair value.

30 June 2022	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets

(ii) Transfers between levels

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

(b) Valuation techniques used to derive Level 2 and Level 3 fair values

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter-derivatives) is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on Fund specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. This is the case for the Fund's alternative assets and investment property trusts.

(c) Fair value measurement using significant unobservable inputs (Level 3)

The following tables present the movement in Level 3 instruments.

30 June 2022	Australian equities \$'000	International equities \$'000	Alternative assets \$'000	Investment property trusts \$'000	Total \$'000
Opening balance	2,157	3,324	8,471,353	5,311,261	13,788,095

(i) Changes in valuation techniques

There have been no changes to asset valuation techniques during the year.

(ii) Valuation inputs and relationships to fair value

The Fund's Level 3 fair value investments comprise investments in delisted or suspended Australian and International equities, unlisted alternative investment assets and investment properties.

The significant unobservable inputs used in Level 3 fair value measurements are summarised below:

Description	Fair value as at 30 June 2022 (\$'000)	Fair value as at 30 June 2021 (\$'000)	Valuation technique	Key unobservable inputs*	Range of inputs (Weighted average) 2022	Range of inputs (Weighted average) 2021
Australian equities	2,153	2,157	Stock Exchange	Last Traded Price	\$0.0000 - \$0.7800 (\$0.7531)	\$0.0000 - \$0.0110 (\$0.0229)
	2,153	2,157				
International equities	981	3,324	Stock Exchange	Last Traded Price	\$0.0000 - \$1.6800 (\$1.5301)	\$0.1750 - \$0.1750 (\$0.1750)
	981	3,324				
Alternative assets	284,127	464,509	External Fund Managers' Unitholder Statements	Redemption Unit Price	\$1.7549 - \$1.7549 (\$1.7549)	\$1.4526 - \$117.5774 (\$62.7600)
	8,604	8,604	Independent Valuation	Price of Similar Artwork/ Auction Estimates	\$150 - \$1,000,000 (\$240,958)	\$150 - \$1,000,000 (\$240,958)
	10,506,768	7,998,240	Partner Capital Statements	Net Asset Value	\$0m - \$2,120.2m (\$1,068.6m)	\$0m - \$1,576.5m (\$907.2m)
	10,799,499	8,471,353				
Investment property trusts	7,353,541	5,311,261	Net Assets Valuation	Net Asset Value	\$0m - \$1,704.6m (\$1,043.7m)	\$0m - \$1,538.8m (\$1,014.7m)
	7,353,541	5,311,261				

* There were no significant inter-relationships between unobservable inputs that may materially affect the fair values.

An increase in the key unobservable inputs described above will result in an increase in the fair value of the financial instruments classified as Level 3.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements

For the year ended 30 June 2022

20. Controlled entities

The Fund's exposure to the fair value of investments held in the controlled entities and commitments to these entities are shown below:

30 June 2022	No. of controlled entities	Fair value of controlled entities \$'000	Commitments to controlled entities \$'000
Asset class			
Internally managed investment property trusts	14	4,123,459	285,209
Alternative assets	5	1,339,538	354,860
Total	19	5,462,997	640,069

30 June 2021	No. of controlled entities	Fair value of controlled entities \$'000	Commitments to controlled entities \$'000
Asset class			
Internally managed investment property trusts	14	3,313,039	738,504
Alternative assets	4	1,257,402	436,372
Total	18	4,570,441	1,174,876

The Fund has control or significant influence of the following controlled entities:

Name of entity	Equity Holding		Value	
	2022	2021	2022 \$'000	2021 \$'000
<i>Internally managed investment property trusts</i>				
313 Spencer Street Holding Unit Trust	100%	100%	233,937	218,309

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements
For the year ended 30 June 2022

21. Related parties

(a) Trustee

United Super Pty Ltd (USPL) is the Trustee of the Fund.

The Trustee Company holds an Australian Financial Services Licence and a Registrable Superannuation Entity Licence.

A fee is paid to the Trustee Company for providing trustee services.

Under the terms of the Trust Deed, the Trustee is entitled to be paid or reimbursed out of the Fund's assets for all expenses and liabilities which it may incur in connection with the Fund or in performing its obligations. Trustee fees and reimbursements paid and payable by the Fund are set out in Note 15. These expenses include Director fees and the amount paid by the Fund to establish the Trustee reserve in the Trustee Company.

(b) Key Management Personnel Disclosures

The following tables list key management personnel who held the position of Director of USPL during the year or since the end of the year end up to the date of this report along with the Chief Executive Officer of the Fund during this period. The remuneration paid to these key management personnel for services of the Board, Committees of the Board and the Fund are as follows:

(c) Controlled entities

Disclosures relating to controlled entities are set out in Note 20.

(d) Related party investments and transactions

The Fund's assets are held in trust by USPL and custodially held by JPM. Details of the Fund's related party investments and transactions are listed below.

(i) Frontier Advisors Pty Ltd (Frontier)

The Fund held 31.0% (2021: 31.0%) shareholding in Frontier valued at \$2,204,100 (2021: \$2,204,100). Frontier provides investment consulting services to the Fund and other institutional clients. During the year, the Fund paid Frontier investment consulting fees of \$3,209,764 (2021: \$3,194,682) on normal terms and conditions.

Mr J Edwards is a Director of Frontier and Director fees of \$16,104 (2021: \$16,187) were paid during the year by Frontier.

(ii) Sponsoring Organisations

Marketing and promotion of the Fund includes partnership arrangements with the Fund's member and employer sponsoring organisations. The Fund invests in industry partnership arrangements that deliver effective and strategic benefits that outweigh the cost of these arrangements through growth of the level of employer/member support of the Fund, strengthening of the Fund's brand identity, awareness and image and support of the Building and Construction Industry. All proposed partnership arrangements are assessed for outcomes and benefits to be delivered to the Fund and its members. The amounts below include payments for partnership agreements to the Fund's seven sponsoring organisations.

	Jun-22 \$	Jun-21 \$

(d) Related party investments and transactions (continued)

(iii) Rental payments for commercial office spaces

The following rental payments for commercial office spaces were made to the following related parties:

	Jun-22 \$	Jun-21 \$
Cbus Property 50 Flinders Street Pty Ltd	96,321	92,839
Construction Forestry Mining & Energy Industrial Union of Employees - Queensland	22,572	22,572
	<u>118,893</u>	<u>115,411</u>

(e) Other related entities

(i) Cbus Property Pty Ltd (Cbus Property)

Cbus Property is a 100% held subsidiary of the Fund and manages all the Fund's directly held property assets. Cbus Property is a service company charged with stewardship of the direct property investments of the Fund. It invests in direct property investments in Australia on behalf of the Fund in accordance with the Investment Management Agreement between Cbus Property and the Fund dated 1 January 2010, as amended. Cbus Property does not have ownership of any direct property assets.

Ms M Beveridge (appointed 16 December 2021), Mr S Beynon (resigned 31 August 2021), Mr S Bracks, Mr H Davis (appointed 1 Sept 2021), Mr A McDonald (resigned 31 December 2021) and Mr D Noonan are Directors of Cbus Property.

Cbus Property makes provision for payment of Directors fees as follows:

	Jun-22 \$	Jun-21 \$
Short-term employee benefits	409,602	391,728
Post-employment benefits	40,960	37,216
	<u>450,562</u>	<u>428,944</u>

The above compensation payments include Directors' fees paid directly to sponsoring organisations.

During the year ended 30 June 2022, the Fund received a total amount of \$140,955 (2021: \$158,923), from Cbus Property Group Funding Pty Ltd, a wholly owned subsidiary of Cbus Property, for a co-branded marketing campaign services. The Fund also paid a total amount of \$283,178 (2021: \$2,000) for investment and regulatory related advice.

All transactions were made on normal terms and conditions.

(ii) USAM Investments Pty Ltd (USAM)

USAM Investments Pty Ltd is a 100% held subsidiary of the Fund. USAM is designed to provide the Fund with a new investment capability to provide investment solutions to third-party industry superannuation funds simultaneously.

Mr S Dunne, Ms K Keys, Mr A McDonald and Mr D Noonan are Directors of USAM (all appointed on 10 September 2021) and Director fees of \$258,825 (2021: \$nil) were paid during the period by USAM.

22. Insurance arrangements

The Fund provides income protection, death and disability benefits to its members. The Trustee has group policies in place with third party insurance companies to insure these death and disability benefits for the members of the Fund. The Trustee acts as an agent for these arrangements.

23. Coronavirus (COVID-19) Pandemic

In March 2020 the COVID-19 outbreak was declared a pandemic by the World Health Organization. The outbreak and the response of governments in dealing with the pandemic saw a corresponding significant increase in financial market volatility and corresponding fluctuations in the fair value of the Fund's investment portfolio which has persisted throughout this financial year.

Management closely monitors any developments and their likely impact on the assets of the Fund. Management actively manages the financial risks that the Fund is exposed to and the net assets of the Fund continue to be valued daily, consistently applying valuation policies reflective of prevailing market conditions.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

Notes to the Financial Statements

For the year ended 30 June 2022

24. Matters subsequent to the end of the financial year

There have been no matters or circumstances which have arisen that have significantly affected or may significantly affect the financial position or operating results of the Fund.

25. Contingent assets, contingent liabilities and commitments

Investment commitments

The Fund has made commitments to invest in certain financial assets. Significant investment commitments contracted for at the end of the reporting period but not recognised as assets are as follows:

	Jun-22	Jun-21
	\$	\$
Alternative debt	34,000,433	31,396,849
Alternative assets	1,460,232,667	1,637,100,048
Investment property trusts	305,425,703	738,504,266
	<u>1,799,658,803</u>	<u>2,407,001,163</u>

There were no other contingent assets, contingent liabilities or commitments as at 30 June 2022.

CONSTRUCTION AND BUILDING UNIONS SUPERANNUATION FUND

TRUSTEE'S DECLARATION

In the opinion of the directors of the Trustee of Construction and Building Unions Superannuation Fund:

- (a) the accompanying financial statements and notes set out on pages 1 to 33 are in accordance with:
 - (i) Australian Accounting Standards (including interpretations) and other mandatory professional reporting requirements, and
 - (ii) present fairly the Fund's financial position as at 30 June 2022 and of its performance for the financial year ended on that date; and
- (b) the Fund has been conducted in accordance with its constituent Trust Deed and the requirements of the *Superannuation Industry (Supervision) Act 1993* and its accompanying Regulations; the relevant requirements of the *Corporations Act 2001* and Regulations; the requirements under *section 13 of the Financial Sector (Collection of Data) Act 2001* during the year ended 30 June 2022; and
- (c) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Board of Directors of United Super Pty Ltd as Trustee for the Construction and Building Unions Superannuation Fund.

Construction and Building Unions Superannuation Fund
ABN 75 493 363 262

Report by the RSE Auditor to the trustee and members

Opinion

I have audited the financial statements of Construction and Building Unions Superannuation Fund for the year ended 30 June 2022 comprising the statement of financial position, income statement, statement of changes in member benefits, statement of cash flows and statement of changes in reserves.

In my opinion, the financial statements present fairly, in all material respects, in accordance with Australian Accounting Standards the financial position of Construction and Building Unions Superannuation Fund as at 30 June 2022 and the results of its operations, cash flows, changes in equity/reserves and changes in members' benefits for the year ended 30 June 2022.

Basis for opinion

I conducted the audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's responsibilities* section of my report. I am independent of the entity in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to my audit of the financial statements in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Trustee for the Financial Statements

The RSE's trustee is responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the requirements of the *Superannuation Industry (Supervision) Act 1993* (SIS Act) and the *Superannuation Industry (Supervision) Regulations 1994* (SIS Regulations). The trustee is also responsible for such internal control as the trustee determines is necessary to enable the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustee is responsible for assessing the ability of the RSE to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustee either intends to liquidate the RSE or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Australian Auditing Standards, I exercised professional judgment and maintained professional scepticism throughout the audit. I also:

- identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the RSE's internal control.
- evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustee.
- concluded on the appropriateness of the trustee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the RSE's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my auditor opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the RSE to cease to continue as a going concern.
- evaluated the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- communicated with the trustee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identified during my audit.
