

SuperRatings Assessment

Cbus was established in 1984 to service members employed within the building and construction industries, and now allows members from all industries to apply for membership. In 2022, the fund merged with Media Super to create a national industry super fund with enhanced scale and capabilities. Cbus was nominated as a finalist for the 2025 MyChoice Super of the Year and the 2025 Sustainable Fund of the Year awards. Cbus Personal Super was established for people not currently working or receiving employer payments.

Cbus provides members with access to 6 pre-mixed and 5 DIY options, as well as direct shares, ETFs, managed investments and term deposits through Cbus Self Managed. The Growth (MySuper) option outperformed the relevant SuperRatings Index over the 5, 7, 10- and 15-year periods to 30 June 2024.

Fees are lower than the industry average across all account balances assessed, with the asset-based administration fee capped at \$1,000 per annum. The fund does not charge a switching fee, or a buy-sell spread.

Cbus Personal Super's insurance offering allows eligible members to apply for up to \$5 million of Death cover and up to \$3 million of Total & Permanent Disablement (TPD) cover. Income Protection is not available within the Cbus Personal Super product. Insurance offered by the fund is tailored to members who may work in high-risk occupations, as such, premium comparisons may not be aligned with industry medians.

Cbus provides members with financial advice services and a comprehensive suite of educational tools and calculators. The Cbus mobile app allows members to view their account balance and transactions, change investment options, as well as update their insurance coverage.

A "best value for money" superannuation fund. Well balanced across all key assessment criteria in a robust, secure and proven risk framework. The fund provides features that should assist most individuals to meet their retirement savings goals.
